Dear Tom:

We are in receipt of U.S. EPA's de minimis settlement offer dated December 20, 2002 and reiterated in correspondence dated January 31, 2003, wherein EPA offers to settle its alleged claims against Pfizer for \$13,800.00. The Administrative Order of Consent further provides for contribution protection and a covenant not to sue (including binding the State of Ohio as a potentially responsible party signatory).

Although Pfizer maintains its denial of liability to the above-mentioned site, enclosed please find an executed signature page, signed by an individual with authority to commit funds on behalf of Pfizer, to accept EPA's offer to settle its claims against Pfizer in the amount of \$13,800.00.

Please forward an invoice and payment instructions once the Order has been approved. Please contact me with any questions or concerns.

Sincerely,

Michael P. McThomas, Esq.
